

NAVEEN JAYASANKHA

UI/UX Designer

About Me

UI/UX Designer with over 2 years of experience, skilled in Figma and front-end development. I create user-centered, visually appealing designs and have a strong understanding of how design translates into functional, responsive interfaces. My background in Angular allows me to bridge design and development for seamless user experiences.

- **Architecture & Design-**
Design Patterns
- **Technologies, Tools and IDEs-**Figma, VS code,
Postman, Jira, pycharm

EXPERIENCE

Associate Software Engineer

Virtusa Pvt Ltd

2022 - Present

As an Associate Software Engineer at Virtusa Pvt Ltd since June 2022, I've honed my expertise in front-end development, specializing in Angular and React. I'm proficient in transforming design concepts into engaging, user-friendly interfaces and have a strong command of UI/UX design using Figma. With a passion for creating intuitive and visually appealing digital experiences, I focus on enhancing user engagement and satisfaction through thoughtful design and seamless implementation.

Associate Image Processor

Orel IT

2018 - 2019

As an Associate Image Processor at Orel IT from October 2018 to January 2019, I played a key role in a project focused on data processing for automated cars. My responsibilities included analyzing videos frame by frame and accurately marking road features such as solid lines and dash lines. Through meticulous attention to detail, I contributed to enhancing the accuracy and reliability of automated driving systems.

EDUCATION

General Sir John Kotelawela Defence University

BSc(Hons) Information Technology
2019-2022

CERTIFICATION

CCNAv7: Introduction to Networks
2021

Introduction to Cybersecurity
2020

OCI Generative AI Certification
2023
